

For Immediate Release

ST. JOHN'S, ANTIGUA, 12th January, 2021 - The Citizenship by Investment Unit notes with great concern the circulation of a video which has regrettably been determined/concluded to be authorized promotion of the national investment programme. The CIU advises that the video and its contents are currently being investigated by the Unit.

In the interim, we assure the public, and all our stakeholders, that the tone and nature of the video are not representative of the programme's operations nor of any approved promotional material. A further statement on the matter will be issued in due course.

The management and staff of the Citizenship by Investment Unit continue to conduct the business of this important investment agency with the highest degree of care for the integrity of our national travel document as well as with the greatest regard for the security of the borders of all countries.
